

Maximal conditions & embeddings of profinite groups

University of Lincoln

Friday, 2nd June 2017

Programme

12.00 – **Anitha Thillaisundaram** (Lincoln) in JUN004

On generalised multi-edge spinal groups

13.00 – Lunch break (probably at the university cafeteria)

14.00 – **Alejandra Garrido** (Duesseldorf) in JBL3C01

Maximal subgroups and profinite completions of groups of intermediate growth

15.00 – Coffee break in JBL3C01

15.30 – **Simon Smith** (Lincoln) in JBL3C01

Embedding profinite groups as maximal subgroups

16.30 – **John Wilson** (Oxford) in JBL3C01

Model theory of finite groups

17.30 – Wine reception in JBL

18.15 – Dinner at The Harvester
